3 Respondent's performance and test results in the assessment and clinical education conducted by
4 the Physician Assessment and Clinical Education (PACE) Program offered at the University of
5 California – San Diego School of Medicine, the Respondent must comply with all of the PACE
6 Program's recommendation(s) for additional educational or clinical training, treatment for any
7 medical condition, treatment for any psychological condition, or anything else affecting
8 Respondent's practice of medicine. Specifically, Respondent shall comply with the following
9 recommendations of the PACE Program prior to the expiration of probation:

10 First, Respondent shall be monitored for a minimum of one (1) year by a board-certified
11 psychiatrist or, alternatively, Respondent shall enroll and participate in the PACE Professional
12 Enhancement Program (PEP).

13 Second, Respondent shall repeat a medical records keeping course.

14 Third, Respondent shall participate in a psychopharmacology course through
15 Massachusetts General Hospital or the 2017 Neuroscience Education Institute
16 Psychopharmacology Course.

17 Fourth, Respondent shall retake one of the buprenorphine waiver training courses.

18 Fifth, Respondent shall submit to a toxicology screen.

19 Completion of any of the recommendations of the PACE Program after the acts that gave
20 rise to the charges in the Petition to Revoke Probation, but prior to the effective date of the
21 Decision may, in the sole discretion of the Board or its designee, be accepted towards the
22 fulfillment of this condition if the program would have been approved by the Board or its
23 designee had the program been taken after the effective date of this Decision.

24 Respondent shall pay all expenses regarding her compliance with the recommendations of
25 the PACE Program. Failure to comply with all of the recommendations of the PACE Program
26 shall constitute a violation of probation.

27 2. PROHIBITED PRACTICE. During the probationary term, Respondent shall
28 continue to be prohibited from prescribing, furnishing, and/or providing samples of narcotics,

1 dangerous drugs, and/or controlled substances to any family member. Respondent shall further
2 be prohibited from treating, diagnosing, or counseling any family member during probation.
3 After the effective date of this Decision, the first time that a family member seeking the
4 prohibited services contacts Respondent, she shall orally notify the family member that
5 Respondent is prohibited from prescribing, furnishing, and/or providing samples of narcotics,
6 dangerous drugs, and/or controlled substances to any family member and is further prohibited
7 from treating, diagnosing, or counseling any family member during the probationary period.
8 Respondent shall maintain a log of all family members to whom the required oral notification was
9 made. The log shall contain the: 1) family member's name, address and phone number; 2) family
10 member's medical record number, if available; 3) the full name of the person making the
11 notification; 4) the date the notification was made; and 5) a description of the notification given.
12 Respondent shall keep this log in a separate file or ledger, in chronological order, shall make the
13 log available for immediate inspection and copying on the premises at all times during business
14 hours by the Division or its designee, and shall retain the log for the entire term of probation.
15 Failure to maintain a log as defined in the section, or to make the log available for immediate
16 inspection and copying on the premises during business hours is a violation of probation.

17 In addition to the required oral notification, after the effective date of this Decision, the
18 first time that a family member who seeks the prohibited services presents to Respondent, she
19 shall provide a written notification to the family member stating that Respondent is prohibited
20 from prescribing, furnishing, and/or providing samples of narcotics, dangerous drugs, and/or

22 or counseling any family member during the probationary period. Respondent shall maintain a
23 copy of the written notification in the family member's file, shall make the notification available
24 for immediate inspection and copying on the premises at all times during business hours by the
25 Division or its designee, and shall retain the notification for the entire term of probation. Failure
26 to maintain the written notification as defined in the section, or to make the notification available
27 for immediate inspection and copying on the premises during business hours is a violation of
28 probation.

1 3. CONTROLLED SUBSTANCES - MAINTAIN RECORDS AND ACCESS TO
2 RECORDS AND INVENTORIES. Respondent shall continue to maintain a record of all
3 controlled substances ordered, prescribed, dispensed, administered, or possessed by Respondent,
4 and any recommendation or approval which enables a patient or patient's primary caregiver to

6 of Health and Safety Code section 11362.5, during probation, showing all of the following: 1) the
7 name and address of the patient; 2) the date; 3) the character and quantity of controlled substances
8 involved; and 4) the indications and diagnosis for which the controlled substances were furnished.

9 Respondent shall keep these records in a separate file or ledger, in chronological order. All
10 records and any inventories of controlled substances shall be available for immediate inspection
11 and copying on the premises by the Board or its designee at all times during business hours and
12 shall be retained for the entire term of probation.

13 Failure to maintain all records, to provide immediate access to the inventory, or to make all
14 records available for immediate inspection and copying on the premises shall constitute a
15 violation of probation.

16 4. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
17 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the
18 Chief Executive Officer at every hospital where privileges or membership are extended to
19 Respondent, at any other facility where Respondent engages in the practice of medicine,
20 including all physician and locum tenens registries or other similar agencies, and to the Chief
21 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
22 Respondent. Respondent shall submit proof of compliance to the Board or its designee within
23 fifteen (15) calendar days.

24 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

25 5. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
26 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
27 advanced practice nurses.

28 6. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules

governing the practice of medicine in California and remain in full compliance with any court ordered criminal probation, payments, and other orders.

7. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

Respondent shall submit quarterly declarations not later than ten (10) calendar days after the end of the preceding quarter.

8. GENERAL PROBATION REQUIREMENTS.

Compliance with Probation Unit

Respondent shall comply with the Board's probation unit.

Address Changes

Respondent shall, at all times, keep the Board informed of Respondent's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

Place of Practice

Respondent shall not engage in the practice of medicine in Respondent's or patient's place of residence, unless the patient resides in a skilled nursing facility or other similar licensed facility.

License Renewal

Respondent shall maintain a current and renewed California physician's and surgeon's license.

Travel or Residence Outside California

Respondent shall immediately inform the Board or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

In the event Respondent should leave the State of California to reside or to practice,

Respondent shall notify the Board or its designee in writing thirty (30) calendar days prior to the dates of departure and return.

9. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be available in person upon request for interviews either at Respondent's place of business or at the probation unit office, with or without prior notice throughout the term of probation.

10. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within fifteen (15) calendar days of any periods of non-practice lasting more than thirty (30) calendar days and within fifteen (15) calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least forty (40) hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds eighteen (18) calendar months, Respondent shall successfully complete the Federation of State Medical Boards' Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve

Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

11. COMPLETION OF PROBATION. Respondent shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, Respondent's certificate shall be fully restored.

12. VIOLATION OF PROBATION. Failure to fully comply with any term or condition of probation is a violation of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

13. LICENSE SURRENDER. Following the effective date of this Decision, if Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, Respondent may request to surrender his or her license. The Board reserves the right to evaluate Respondent's request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent shall within fifteen (15) calendar days deliver Respondent's wallet and wall certificate to the Board or its designee and Respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

14. PROBATION MONITORING COSTS. Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of

1 California and delivered to the Board or its designee no later than January 31 of each calendar
2 year.

8 hereto as Exhibit B and is incorporated herein by reference as if fully set forth.

9 6. On April 10, 2014, the Executive Director of the Board filed a Petition to Revoke
10 Probation in case number D1-2010-205633 against Respondent entitled *In the Matter of the*

12 7. On January 16, 2015, Respondent entered into a Stipulated Settlement and

18 probation for another year with the condition that she re-enroll in PACE and comply with the
19 terms and conditions of her prior disciplinary order of March 30, 2012. A copy of said Decision
20 is attached hereto as Exhibit A and is incorporated herein by reference as if fully set forth.
21 Respondent's probation is currently set to expire on November 8, 2016.

22 JURISDICTION

23 9. This Petition to Revoke Probation is brought before the Board under the authority of
24 the following laws. All section references are to the Business and Professions Code ("Code"),
25 unless otherwise indicated

26 10. Section 2227 of the Code provides that a licensee who is found guilty under the
27 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
28 one year, placed on probation and required to pay the costs of probation monitoring, or such other

1 action taken in relation to discipline as the Division deems proper.

2 11. Section 2228 of the Code states, in pertinent part:

3 "The authority of the board . . . to discipline a licensee by placing . . . her on probation
4 includes, but is not limited to, the following:

5 "(a) Requiring the licensee to obtain additional professional training and to pass an
6 examination upon the completion of the training. The examination may be written or oral, or
7 both, and may be a practical or clinical examination, or both, at the option of the board or the
8 administrative law judge.

9 "(b) Requiring the licensee to submit to a complete diagnostic examination by one or more
10 physicians and surgeons appointed by the Board. If an examination is ordered, the board shall
11 receive and consider any other report of a complete diagnostic examination given by one or more
12 physicians and surgeons of the licensee's choice.

13 "(c) Restricting or limiting the extent, scope, or type of practice of the licensee, including
14 requiring notice to applicable patients that the licensee is unable to perform the indicated
15 treatment, where appropriate.

16 "(d) Providing the option of alternative community service in cases other than violations
17 relating to quality of care."

18 CAUSE TO REVOKE PROBATION

19 (Failure to Comply with Recommendations of Clinical Training Program – Condition 1)

20 12. As set forth above in Paragraphs 6, 7, and 8, in case number D1-2010-205633, the
21 Board placed Respondent on probation subject to numerous conditions. Condition 1 states, in
22 pertinent part, as follows:

23 "1. CLINICAL TRAINING PROGRAM Within 60 calendar days of the
24 effective date of this Decision, respondent shall re-enroll in a clinical training or
25 educational program equivalent to the Physician Assessment and Clinical Education
26 Program (PACE) offered at the University of California - San Diego School of Medicine
27 ("Program")."

28 " "

1 “Based on respondent’s performance and test results in the assessment and clinical
2 education, the Program will advise the Division or its designee of its recommendation(s) for
3 the scope and length of any additional educational or clinical training, treatment for any
4 medical condition, treatment for any psychological condition, or anything else affecting
5 respondent’s practice of medicine. Respondent shall comply with the Program
6 recommendations prior to the expiration of probation. “. . . .“

7 “At the completion of any additional educational or clinical training, respondent
8 shall submit to and pass an examination. The Program’s determination whether or not
9 respondent passed the examination or successfully completed the Program shall be
10 binding.”

11 “Respondent shall complete the Program not later than 6 months after respondent’s
12 initial enrollment unless the Division or its designee agrees in writing to a later time for
13 completion.

14 “Failure to participate in and complete successfully all phases of the clinical
15 training program outlined above is a violation of probation.”

16 13. Respondent’s probation is subject to revocation under Code section 2227 in that she
17 failed to comply with probation by violating Condition 1, referenced above. The facts and
18 circumstances are as follows:

19 A. On June 20-24, 2016, Respondent returned to the Physician Assessment and
20 Clinical Education Program (PACE Program) offered at the University of California - San Diego
21 School of Medicine for reassessment after failing the program previously in June 2013.

22 B. On September 8, 2016, the Board received a final report from the U.C. San
23 Diego PACE Program, dated August 31, 2016, reporting that Respondent had passed the PACE
24 Program with significant deficiencies noted. In order to address the deficiencies noted during
25 Respondent’s reassessment, the PACE Program recommended that : 1) Respondent’s practice be
26 monitored for a minimum of one year by a board-certified psychiatrist, or in the alternative that
27 Respondent enroll and participate in the PACE Professional Enhancement Program (PEP); 2)
28 Respondent should repeat a medical records keeping course due to the deficiencies in her

1 charting; 3) Respondent participate in a psychopharmacology course through the Massachusetts
2 General Hospital or the 2016 Neuroscience Education Institute Psychopharmacology course due
3 to her failing score in the psychopharmacology exam; 4) Respondent should retake one of the
4 buprenorphine waiver training courses due to her lack of knowledge regarding Suboxone and
5 opiates; and 5) Respondent should submit to a toxicology screen due to her unprofessional
6 conduct, significant time delays and pauses during the PRIMUM. PACE made these
7 recommendations to address the concerns about Respondent's ability to practice medicine safely
8 and that her overall performance in the PACE program which was noted to be a Pass, Category
9 3.¹

10 14. Respondent is therefore out of compliance with Probation Condition 1 – Clinical
11 Training Program – in that she failed to complete the recommendations of the PACE program as
12 outlined above which are required by Condition 1 of the disciplinary order.

13 PRAYER

14 **WHEREFORE**, Complainant requests that a hearing be held on the matters herein alleged,
15 and that following the hearing, the Medical Board of California issue a decision:

16 1. Revoking the probation that was granted by the Medical Board of California in Case
17 No. D1-2010-205633, and imposing the disciplinary order that was stayed thereby revoking
18 Physician's and Surgeon's Certificate Number A 105195 issued to Criselda Calayan. Abad-
19 Santos, M.D.;

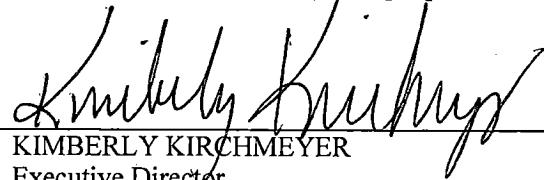

20 2. Revoking or suspending Physician's and Surgeon's Certificate Number A 105195,
21 issued to Respondent;

22
23 ¹ The PACE Program has defined four possible outcomes of the physician assessment: PASS, Category 1
24 signifying a good to excellent performance in most or all areas measured and is consistent with safe practice and
25 competency with no significant deficiencies noted; PASS WITH RECOMMENDATIONS Category 2 signifies a
26 performance during which minor deficiencies were noted that do not affect the physician's ability to practice safely
27 and the physician performed competently overall. **Category 3 signifies significant deficiencies noted, and the**
28 **physician is capable of practicing safely, but may not currently be reaching her full potential. Physicians in**
this category are likely to have broad deficiencies that cover multiple domains and will require a considerable
educational investment and occasionally a change in behavior; and FAIL, Category 4 signifying poor
performance that is not compatible with overall physician competency and safe practice. Physicians in this category
performed poorly on all (or nearly all) aspects of the assessment. Some physicians in this category may be capable of
remediating their clinical competency to a safe level. [Emphasis added.]

10 common to all clinicians; and medical knowledge, skill and judgment pertaining to respondent's
11 specialty or sub-specialty, and at minimum, a 40 hour program of clinical education in the area of

11 dangerous drugs, and/or controlled substances to any family member and is further prohibited

23 time that a family member who seeks the prohibited services presents to respondent, respondent
24 shall provide a written notification to the family member stating that respondent is prohibited
25 from prescribing, furnishing, and/or providing samples of narcotics, dangerous drugs, and/or
26 controlled substances to any family member and is further prohibited from treating, diagnosing,
27 or counseling any family member during the probationary period. Respondent shall maintain a
28 copy of the written notification in the family member's file, shall make the notification available

7 RECORDS AND INVENTORIES Respondent shall continue to maintain a record of all
8 controlled substances ordered, prescribed, dispensed, administered or possessed by respondent,

14 areas of deficient practice or knowledge and shall be Category I certified. The educational
15 program(s) or course(s) shall be in addition to the Continuing Medical Education (CME)
16 requirements for renewal of licensure. Failure to successfully complete the course during the first
17 12 months of the new probationary period shall be a violation of probation.

18 A refresher class or course(s) taken after the acts that gave rise to the charges in the Petition
19 to Revoke Probation, but prior to the effective date of the Decision may, in the sole discretion of
20 the Division or its designee, be accepted towards the fulfillment of this condition if the course or
21 class would have been approved by the Division or its designee had the course been taken after
22 the effective date of this Decision.

23 Respondent shall submit a certification of successful completion to the Division or its
24 designee not later than 15 calendar days after successfully completing the course, or not later than
25 15 calendar days after the effective date of the Decision, whichever is later.

9. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

Respondent shall submit quarterly declarations not later than 10 calendar days after the end of the preceding quarter.

10. GENERAL PROBATION REQUIREMENTS.

Compliance with Probation Unit

Respondent shall comply with the Board's probation unit and all terms and conditions of this Decision.

1 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
2 facility.

3 License Renewal

4 Respondent shall maintain a current and renewed California physician's and surgeon's
5 license.

6 Travel or Residence Outside California

7 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
8 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
9 (30) calendar days.

12 departure and return.

13 11. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
14 available in person upon request for interviews either at Respondent's place of business or at the
15 probation unit office, with or without prior notice throughout the term of probation.

16 12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board
17 or its designee in writing within 15 calendar days of any periods of non-practice lasting more than
18 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is

20 Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month
21 in direct patient care, clinical activity or teaching, or other activity as approved by the Board. All
22 time spent in an intensive training program which has been approved by the Board or its designee
23 shall not be considered non-practice. Practicing medicine in another state of the United States or
24 Federal jurisdiction while on probation with the medical licensing authority of that state or
25 jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall
26 not be considered as a period of non-practice.

27 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
28 months, Respondent shall successfully complete a clinical training program that meets the criteria

3 Respondent's period of non-practice while on probation shall not exceed two (2) years.

4 Periods of non-practice will not apply to the reduction of the probationary term.

5 Periods of non-practice will relieve Respondent of the responsibility to comply with the
6 probationary terms and conditions with the exception of this condition and the following terms
7 and conditions of probation: Obey All Laws; and General Probation Requirements.

8 13. COMPLETION OF PROBATION. Respondent shall comply with all financial

12 14. VIOLATION OF PROBATION. Failure to fully comply with any term or
13 condition of probation is a violation of probation. If Respondent violates probation in any
14 respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke
15 probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to
16 Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation,
17 the Board shall have continuing jurisdiction until the matter is final, and the period of probation
18 shall be extended until the matter is final.

19 15. LICENSE SURRENDER. Following the effective date of this Decision, if
20 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
21 the terms and conditions of probation, Respondent may request to surrender his or her license.
22 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
23 determining whether or not to grant the request, or to take any other action deemed appropriate
24 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
25 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
26 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
27 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
28 application shall be treated as a petition for reinstatement of a revoked certificate.

16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

26 ¹ California Business and Professions Code section 2002, as amended and effective January 1, 2008,
27 provides that, unless otherwise expressly provided, the term "board" as used in the State Medical Practice Act (Bus.
28 & Prof. Code § 2000, et seq.) means the "Medical Board of California," and references to the "Division of Medical
Quality" and "Division of Licensing" in the Act or any other provision of law shall be deemed to refer to the Board.

1 respondent's practice of medicine. Respondent shall comply with Program
2 recommendations.

3 At the completion of any additional educational or clinical training, respondent
4 shall submit to and pass an examination. The Program's determination whether or not
5 respondent passed the examination or successfully completed the Program shall be
6 binding.

7 Respondent shall complete the Program not later than 6 months after respondent's
8 initial enrollment unless the Division or its designee agrees in writing to a later time for
9 completion.

10 Failure to participate in and complete successfully all phases of the clinical
11 training program outlined above is a violation of probation."

12 10. Respondent's probation is subject to revocation under Code section 2227 in that she
13 failed to comply with probation by violating Condition 1, referenced above. The facts and
14 circumstances are as follows:

15 A. On August 6 - 7, 2012, Respondent participated in Phase I of the Physician
16 Assessment and Clinical Education Program (PACE Program) offered at the University of
17 California - San Diego School of Medicine.

18 B. On June 10 - 14, 2013, Respondent returned to the PACE Program for Phase
19 II, the clinical education and assessment portion of the program which takes place in the actual
20 clinical environment of the U.C. San Diego Medical Center or one of its satellite clinics.

21 C. On July 31, 2013, the Board received a final report from the U.C. San Diego
22 PACE Program, dated July 24, 2013, reporting that the PACE Program had serious concerns
23 about Respondent's ability to practice medicine safely and that her overall performance on the
24 comprehensive, seven day physician assessment portion of the program was consistent
25 with a "Fail, Category 4."²

26 ² The PACE Program has defined four possible outcomes of the physician assessment: PASS, Category 1
27 signifying a good to excellent performance in most or all areas measured and is consistent with safe practice and
28 competency with no significant deficiencies noted; PASS WITH RECOMMENDATIONS, Category 2 signifies a
performance during which minor deficiencies were noted that do not affect the physician's ability to practice safely
(continued...)

11. Respondent is therefore out of compliance with Probation Condition 1 – Clinical Training Program – in that she failed to successfully complete all phases of the clinical training program as required by said condition.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

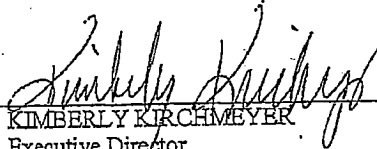

1. Revoking the probation that was granted by the Medical Board of California in Case No. 05-2010-205633 and imposing the disciplinary order that was stayed thereby revoking Physician's and Surgeon's Certificate Number A 105195 issued to CRISELDA CALAYAN. ABAD-SANTOS, M.D.;

2. Revoking or suspending Physician's and Surgeon's Certificate Number A 105195, issued to Respondent;

and the physician performed competently overall. Category 3 signifies deficiencies noted, and the physician is capable of practicing safely, but likely shows broad deficiencies that cover multiple domains and require considerable educational investment; and FAIL. Category 4 signifying poor performance that is not compatible with overall physician competency and safe practice. Physicians in this category performed poorly on all (or nearly all) aspects of the assessment. Some physicians in this category may be capable of remediating their clinical competency to a safe level.

18 DISCIPLINARY ORDER

19 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 105195 issued
20 to Respondent Criselda Calayan AbadSantos, M.D. is revoked. However, the revocation is stayed
21 and Respondent is placed on probation for three (3) years on the following terms and conditions:

22 1. CLINICAL TRAINING PROGRAM Within 60 calendar days of the effective date
23 of this Decision, respondent shall enroll in a clinical training or educational program equivalent to
24 the Physician Assessment and Clinical Education Program (PACE) offered at the University of
25 California - San Diego School of Medicine ("Program").

26 The Program shall consist of a Comprehensive Assessment program comprised of a two-
27 day assessment of respondent's physical and mental health; basic clinical and communication
28 skills common to all clinicians; and medical knowledge, skill and judgment pertaining to

1 respondent's specialty or sub-specialty, and at minimum, a 40 hour program of clinical education
2 in the area of practice in which respondent was alleged to be deficient and which takes into
3 account data obtained from the assessment, Decision(s), Accusation(s), and any other information
4 that the Division or its designee deems relevant. Respondent shall pay all expenses associated
5 with the clinical training program.

6 Based on respondent's performance and test results in the assessment and clinical
7 education, the Program will advise the Division or its designee of its recommendation(s) for the
8 scope and length of any additional educational or clinical training, treatment for any medical
9 condition, treatment for any psychological condition, or anything else affecting respondent's
10 practice of medicine. Respondent shall comply with Program recommendations.

11 At the completion of any additional educational or clinical training, respondent shall submit
12 to and pass an examination. The Program's determination whether or not respondent passed the
13 examination or successfully completed the Program shall be binding.

14 Respondent shall complete the Program not later than 6 months after respondent's initial
15 enrollment unless the Division or its designee agrees in writing to a later time for completion.

16 Failure to participate in and complete successfully all phases of the clinical training
17 program outlined above is a violation of probation.

18 2. PROHIBITED PRACTICE During probation, respondent is prohibited from
19 prescribing, furnishing, and/or providing samples of narcotics, dangerous drugs, and/or controlled
20 substances to any family member. Respondent is further prohibited from treating, diagnosing, or
21 counseling any family member during probation. After the effective date of this Decision, the
22 first time that a family member seeking the prohibited services contacts respondent, respondent
23 shall orally notify the family member that respondent is prohibited from prescribing, furnishing,
24 and/or providing samples of narcotics, dangerous drugs, and/or controlled substances to any
25 family member and is further prohibited from treating, diagnosing, or counseling any family
26 member during the probationary period. Respondent shall maintain a log of all family members
27 to whom the required oral notification was made. The log shall contain the: 1) family member's
28 name, address and phone number; 2) family member's medical record number, if available; 3) the

1 full name of the person making the notification; 4) the date the notification was made; and 5) a
2 description of the notification given. Respondent shall keep this log in a separate file or ledger, in
3 chronological order; shall make the log available for immediate inspection and copying on the
4 premises at all times during business hours by the Division or its designee, and shall retain the log
5 for the entire term of probation. Failure to maintain a log as defined in the section, or to make the
6 log available for immediate inspection and copying on the premises during business hours is a
7 violation of probation.

8 In addition to the required oral notification, after the effective date of this Decision, the first
9 time that a family member who seeks the prohibited services presents to respondent, respondent
10 shall provide a written notification to the family member stating that respondent is prohibited
11 from prescribing, furnishing, and/or providing samples of narcotics, dangerous drugs, and/or
12 controlled substances to any family member and is further prohibited from treating, diagnosing,
13 or counseling any family member during the probationary period. Respondent shall maintain a
14 copy of the written notification in the family member's file, shall make the notification available
15 for immediate inspection and copying on the premises at all times during business hours by the
16 Division or its designee, and shall retain the notification for the entire term of probation. Failure
17 to maintain the written notification as defined in the section, or to make the notification available
18 for immediate inspection and copying on the premises during business hours is a violation of
19 probation.

20 3. CONTROLLED SUBSTANCES - MAINTAIN RECORDS AND ACCESS TO
21 RECORDS AND INVENTORIES Respondent shall maintain a record of all controlled
22 substances ordered, prescribed, dispensed, administered or possessed by respondent, and any
23 recommendation or approval which enables a patient or patient's primary caregiver to possess or
24 cultivate marijuana for the personal medical purposes of the patient within the meaning of Health
25 and Safety Code section 11362.5, during probation, showing all the following: 1) the name and
26 address of the patient; 2) the date; 3) the character and quantity of controlled substances involved;
27 and 4) the indications and diagnoses for which the controlled substance was furnished.

28 Respondent shall keep these records in a separate file or ledger, in chronological order. All

1 records and any inventories of controlled substances shall be available for immediate inspection
2 and copying on the premises by the Division or its designee at all times during business hours and
3 shall be retained for the entire term of probation.

4 Failure to maintain all records, to provide immediate access to the inventory, or to make all
5 records available for immediate inspection and copying on the premises, shall constitute a
6 violation of probation.

7 4. PRESCRIBING PRACTICES COURSE Within 60 calendar days of the effective
8 date of this Decision, respondent shall enroll in a course in prescribing practices, at respondent's
9 expense, approved in advance by the Division or its designee. Failure to successfully complete
10 the course during the first 12 months of probation is a violation of probation.

11 A prescribing practices course taken after the acts that gave rise to the charges in the
12 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the
13 Division or its designee, be accepted towards the fulfillment of this condition if the course would
14 have been approved by the Division or its designee had the course been taken after the effective
15 date of this Decision.

16 Respondent shall submit a certification of successful completion to the Division or its
17 designee not later than 15 calendar days after successfully completing the course, or not later than
18 15 calendar days after the effective date of the Decision, whichever is later.

19 5. MEDICAL RECORD KEEPING COURSE Within 60 calendar days of the effective
20 date of this decision, respondent shall enroll in a course in medical record keeping, at
21 respondent's expense, approved in advance by the Division or its designee. Failure to
22 successfully complete the course during the first 12 months of probation is a violation of
23 probation.

24 A medical record keeping course taken after the acts that gave rise to the charges in the
25 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the
26 Division or its designee, be accepted towards the fulfillment of this condition if the course would
27 have been approved by the Division or its designee had the course been taken after the effective
28 date of this Decision.

1 Respondent shall submit a certification of successful completion to the Division or its
2 designee not later than 15 calendar days after successfully completing the course, or not later than
3 15 calendar days after the effective date of the Decision, whichever is later.

4 6. ETHICS COURSE Within 60 calendar days of the effective date of this Decision,
5 respondent shall enroll in a course in ethics, at respondent's expense, approved in advance by the
6 Division or its designee. Failure to successfully complete the course during the first 12 months of
7 probation is a violation of probation.

8 An ethics course taken after the acts that gave rise to the charges alleged in the Third and
9 Fourth Cause for Discipline in the Accusation, but prior to the effective date of the Decision may,
10 in the sole discretion of the Division or its designee, be accepted towards the fulfillment of this
11 condition if the course would have been approved by the Division or its designee had the course
12 been taken after the effective date of this Decision.

13 Respondent shall submit a certification of successful completion to the Division or its
14 designee not later than 15 calendar days after successfully completing the course, or not later than
15 15 calendar days after the effective date of the Decision, whichever is later.

16 7. NOTIFICATION Prior to engaging in the practice of medicine, the respondent shall
17 provide a true copy of the Decision(s) and Accusation(s) to the Chief of Staff or the Chief
18 Executive Officer at every hospital where privileges or membership are extended to respondent,
19 at any other facility where respondent engages in the practice of medicine, including all physician
20 and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every
21 insurance carrier which extends malpractice insurance coverage to respondent. Respondent shall
22 submit proof of compliance to the Division or its designee within 15 calendar days.

23 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

24 8. SUPERVISION OF PHYSICIAN ASSISTANTS During probation, respondent is
25 prohibited from supervising physician assistants.

26 9. OBEY ALL LAWS Respondent shall obey all federal, state and local laws, all rules
27 governing the practice of medicine in California, and remain in full compliance with any court
28 ordered criminal probation, payments and other orders.

1 10. QUARTERLY DECLARATIONS Respondent shall submit quarterly declarations
2 under penalty of perjury on forms provided by the Division, stating whether there has been
3 compliance with all the conditions of probation. Respondent shall submit quarterly declarations
4 not later than 10 calendar days after the end of the preceding quarter.

5 11. PROBATION UNIT COMPLIANCE Respondent shall comply with the Division's
6 probation unit. Respondent shall, at all times, keep the Division informed of respondent's
7 business and residence addresses. Changes of such addresses shall be immediately
8 communicated in writing to the Division or its designee. Under no circumstances shall a post
9 office box serve as an address of record, except as allowed by Business and Professions Code
10 section 2021(b).

11 Respondent shall not engage in the practice of medicine in respondent's place of residence.
12 Respondent shall maintain a current and renewed California physician's and surgeon's license.

13 Respondent shall immediately inform the Division, or its designee, in writing, of travel to
14 any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than
15 30 calendar days.

16 12. INTERVIEW WITH THE DIVISION, OR ITS DESIGNEE Respondent shall be
17 available in person for interviews either at respondent's place of business or at the probation unit
18 office, with the Division or its designee, upon request at various intervals, and either with or
19 without prior notice throughout the term of probation.

20 13. RESIDING OR PRACTICING OUT-OF-STATE In the event respondent should
21 leave the State of California to reside or to practice, respondent shall notify the Division or its
22 designee in writing 30 calendar days prior to the dates of departure and return. Non-practice is
23 defined as any period of time exceeding 30 calendar days in which respondent is not engaging in
24 any activities defined in Sections 2051 and 2052 of the Business and Professions Code.

25 All time spent in an intensive training program outside the State of California which has
26 been approved by the Division or its designee shall be considered as time spent in the practice of
27 medicine within the State. A Board-ordered suspension of practice shall not be considered as a
28 period of non-practice. Periods of temporary or permanent residence or practice outside

1 California will not apply to the reduction of the probationary term. Periods of temporary or
2 permanent residence or practice outside California will relieve respondent of the responsibility to
3 comply with the probationary terms and conditions with the exception of this condition and the
4 following terms and conditions of probation: Obey All Laws; Probation Unit Compliance; and
5 Cost Recovery.

6 Respondent's license shall be automatically cancelled if respondent's periods of temporary
7 or permanent residence or practice outside California total two years. However, respondent's
8 license shall not be cancelled as long as respondent is residing and practicing medicine in another
9 state of the United States and is on active probation with the medical licensing authority of that
10 state, in which case the two year period shall begin on the date probation is completed or
11 terminated in that state.

12 14. FAILURE TO PRACTICE MEDICINE - CALIFORNIA RESIDENT

13 In the event respondent resides in the State of California and for any reason respondent
14 stops practicing medicine in California, respondent shall notify the Division or its designee in
15 writing within 30 calendar days prior to the dates of non-practice and return to practice. Any
16 period of non-practice within California, as defined in this condition, will not apply to the
17 reduction of the probationary term and does not relieve respondent of the responsibility to comply
18 with the terms and conditions of probation. Non-practice is defined as any period of time
19 exceeding 30 calendar days in which respondent is not engaging in any activities defined in
20 sections 2051 and 2052 of the Business and Professions Code.

21 All time spent in an intensive training program which has been approved by the Division or
22 its designee shall be considered time spent in the practice of medicine. For purposes of this
23 condition, non-practice due to a Board-ordered suspension or in compliance with any other
24 condition of probation, shall not be considered a period of non-practice.

25 Respondent's license shall be automatically cancelled if respondent resides in California
26 and for a total of two years, fails to engage in California in any of the activities described in
27 Business and Professions Code sections 2051 and 2052.

28 ///

1 15. COMPLETION OF PROBATION Respondent shall comply with all financial
2 obligations (e.g., probation costs) not later than 120 calendar days prior to the completion of
3 probation. Upon successful completion of probation, respondent's certificate shall be fully
4 restored.

5 16. VIOLATION OF PROBATION Failure to fully comply with any term or condition
6 of probation is a violation of probation. If respondent violates probation in any respect, the
7 Division, after giving respondent notice and the opportunity to be heard, may revoke probation
8 and carry out the disciplinary order that was stayed. If an Accusation, Petition to Revoke
9 Probation, or an Interim Suspension Order is filed against respondent during probation, the
10 Division shall have continuing jurisdiction until the matter is final, and the period of probation
11 shall be extended until the matter is final.

12 17. LICENSE SURRENDER Following the effective date of this Decision, if
13 respondent ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the
14 terms and conditions of probation, respondent may request the voluntary surrender of
15 respondent's license. The Division reserves the right to evaluate respondent's request and to
16 exercise its discretion whether or not to grant the request, or to take any other action deemed
17 appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender,
18 respondent shall within 15 calendar days deliver respondent's wallet and wall certificate to the
19 Division or its designee and respondent shall no longer practice medicine. Respondent will no
20 longer be subject to the terms and conditions of probation and the surrender of respondent's
21 license shall be deemed disciplinary action. If respondent re-applies for a medical license, the
22 application shall be treated as a petition for reinstatement of a revoked certificate.

23 18. PROBATION MONITORING COSTS Respondent shall pay the costs associated
24 with probation monitoring each and every year of probation, as designated by the Division, which
25 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
26 California and delivered to the Division or its designee no later than January 31 of each calendar
27 year. Failure to pay costs within 30 calendar days of the due date is a violation of probation.

1 FIRST CAUSE FOR DISCIPLINE

2 (Gross Negligence)

3 18. Respondent is subject to disciplinary action under Business and Professions Code
4 section 2234, subdivision (b), in that she committed gross negligence in the care and treatment of
5 K.T., P.A.S., B.A.S., M.C., and R.C. The circumstances are as follows:

6 PATIENT K.T.

7 19. In or about March 2010, Respondent prescribed to K.T., a then eighteen-year-old
8 female family friend, thirty tablets of 30 milligrams (mg) of Adderall², a controlled substance,
9 because K.T. was getting depressed because her boyfriend was in another state. The prescriptions
10 were filled on or about March 6 and March 9, 2010. In or about April, May and June 2010,
11 Respondent prescribed sixty 30 mg tablets of Adderall to K.T., which were filled on or about
12 April 13, May 19 and June 26, 2010. Prior to writing the prescriptions, Respondent did not
13 conduct an appropriate examination of K.T., nor did Respondent perform any type of evaluation
14 to establish that the controlled substance was medically indicated. Respondent initiated treatment
15 at 30 mg a day, quickly increasing the dosage to 60 mg a day, without first starting K.T. on the
16 lowest dosage (5 mg) and titrating upward after careful monitoring. Respondent did not order
17 any laboratory tests to evaluate K.T.'s liver or cardiac functions to determine the suitability for
18 this type of stimulant medication treatment. Respondent did not inform K.T. about the potential
19 side effects or adverse reactions to the Adderall. Respondent did not monitor the clinical effects
20 or side effects of the controlled substance. At all times mentioned herein, Respondent did not
21 create or maintain a medical chart for K.T.

22 20. On or about July 28, 2010, Respondent testified, during an interview with the Board
23 that she also furnished samples of Pristiq³, a dangerous drug, to K.T. Respondent, however, did
24 not conduct an appropriate examination of K.T., nor did she perform any type of evaluation to

25 ² Adderall is a brand name for a pharmaceutical psychostimulant comprising mixed amphetamine and
26 dextroamphetamine. This drug is used primarily to treat attention-deficit/hyperactivity disorder (ADHD) and
narcolepsy. This is a Schedule II Controlled Substance that has a high potential for abuse and addiction.

27 ³ Pristiq is a brand name for an antidepressant that affects the chemicals in the brain that may become
28 unbalanced and cause depression. This drug is used primarily to treat major depressive disorders, and is a dangerous
drug requiring a prescription.

1 establish that this dangerous drug was medically indicated. Respondent did not order any
2 laboratory tests to evaluate the K.T.'s blood pressure or renal function to determine the suitability
3 of this type of treatment prior to furnishing the dangerous drug. Respondent did not monitor the
4 clinical effects or side effects of the dangerous drug. Respondent did not inform K.T. about the
5 potential side effects and/or adverse reactions to this dangerous drug. Respondent further
6 testified that she told K.T. "to go . . . see a psychiatrist, but she refused." Nonetheless,
7 Respondent continued to furnish samples of Pristiq to K.T.

8 21. In or about June and July 2010, Respondent prescribed 37.5 mg of Phentermine⁴, a
9 controlled substance, to K.T. because she was a "little chubby." At the same time, Respondent
10 prescribed thirty 50 mg tablets of hydrochlorothiazide⁵, a dangerous drug, to K.T. Prior to
11 writing the prescriptions, Respondent did not conduct an appropriate examination of K.T., nor
12 was Respondent aware of K.T.'s body mass index (BMI)⁶ to determine if phentermine was
13 medically indicated. Respondent did not order any blood or laboratory tests to check K.T.'s
14 cardiac or renal functions, nor potassium levels before writing the prescription. Respondent did
15 not monitor the clinical effects or side effects of the medications after they were prescribed.
16 Respondent did not inform K.T. of the potential side effects and/or adverse reactions to the
17 medications prescribed. The prescriptions were filled on or about June 13, 2010 and July 12,
18 2010. Respondent told the Board that the July 12, 2010 prescriptions for phentermine, a
19 controlled substance, and hydrochlorothiazide, a dangerous drug, were filled in California,
20 picked up by B.A.S., a male member of respondent's family, and mailed to K.T. who was residing
21 in another state.

22 22. In or about July 2010, Respondent prescribed sixty 100 mg tablets of Trazodone⁷, a

24 central nervous system and is a Schedule IV Controlled Substance.

25 ⁵ Hydrochlorothiazide is a thiazide diuretic (water pill) that helps prevent the body from absorbing too
26 much salt, which can cause fluid retention. This medication is generally used to treat high blood pressure
(hypertension), and fluid retention in people with congestive heart failure, cirrhosis of the liver, or kidney disorders,
or edema caused by taking steroids or estrogen. This medication requires a prescription and is a dangerous drug.

27 ⁶ Body Mass Index (BMI) is a measurement of the relative percentages of fat and muscle mass in the human
28 body, in which mass in kilograms is divided by height in meters squared. The result is used as an index of obesity.

Trazodone is an antidepressant medication that is thought to increase the activity of one of the brain
chemicals (serotonin) which may become unbalanced and cause depression. It is used to treat depression, but may

2 to K.T. nor did she physically see K.T. who was residing in another state at that time.
3 Respondent told the Board that she received a telephone call from her son (i.e., Respondent's son)
4 stating that K.T. was not sleeping well. When Respondent asked to speak with K.T. Respondent
5 was told that "she didn't want to talk to me." Nevertheless, Respondent wrote the prescription,
6 which was filled in California, on or about July 12, 2010, and picked up by B.A.S., who mailed
7 the dangerous drug to K.T. in another state. Prior to writing the prescription, Respondent did not
8 conduct an appropriate examination of K.T., nor did she perform any type of evaluation to
9 establish that the dangerous drug was medically indicated. Respondent did not inform K.T. of the
10 potential side effects and/or adverse reactions to the medication, nor did Respondent warn K.T.
11 that there was the possibility that she might start having suicidal thoughts when first starting this
12 dangerous drug. Respondent did not monitor the clinical effects or side effects of the dangerous
13 drug after it was prescribed.

14 23. In or about July 2010, Respondent prescribed sixty 500 mg tablets of Metformin⁸, a
15 dangerous drug, to K.T. Respondent told the Board that she prescribed Metformin to K.T.
16 because it is "also to help . . . weight loss." Prior to writing the prescription, Respondent did not
17 conduct an appropriate examination of K.T., nor perform any type of evaluation to establish that
18 the prescription was medically indicated. Respondent did not conduct or order any laboratory
19 tests to ascertain K.T.'s blood sugar levels, nor her liver, renal or pancreatic functions prior to
20 prescribing this dangerous drug. Respondent did not monitor the clinical effects or side effects of
21 the medication. In fact, Respondent did not see K.T. who was residing in another state when the
22 prescription was written. Respondent did not inform K.T. of the potential side effects and/or
23 adverse reactions to the dangerous drug, which could be life threatening. Nevertheless,
24 Respondent wrote the prescription, which was filled in California, picked up by B.A.S., on or

prescription and is a dangerous drug.

27 ⁸ Metformin is an oral diabetes medicine that helps control blood sugar levels and is for people with Type 2
28 (non-insulin dependent) diabetes. This medication can cause lactic acidosis (a build-up of lactic acid in the body)
which can be fatal. This medication requires a prescription and is a dangerous drug.

1 about July 12, 2010, and mailed to K.T. in another state.

2 24. Respondent committed gross negligence in the care and treatment of K.T. by:

3 (a) Failing to perform an appropriate examination prior to prescribing the controlled
4 substances Adderall and phentermine, and/or furnishing the dangerous drugs Trazodone,
5 Metformin, hydrochlorothiazide, and Pristiq;

6 (b) Failing to perform an evaluation to establish that the controlled substances and
7 dangerous drugs prescribed and furnished were medically indicated;

8 (c) Failing to order laboratory tests to evaluate K.T.'s liver and cardiac functions prior
9 to prescribing the controlled substances Adderall and phentermine;

10 (d) Failing to order laboratory tests to evaluate K.T.'s kidney, liver and pancreatic functions
11 and failing to test K.T.'s blood sugar and blood pressure levels before prescribing and/or
12 furnishing the dangerous drugs Trazodone, hydrochlorothiazide, Metformin and Pristiq;

13 (e) Failing to discuss the potential side effects, adverse reactions and/or allergic reactions
14 to the controlled substances and dangerous drugs prescribed and/or furnished;

15 (f) Failing to monitor the clinical effects or side effects of the controlled substances and
16 dangerous drugs prescribed and/or furnished; and

17 (g) Failing to maintain a medical chart.

18 PATIENT P.A.S.

19 25. In or about November 2009, and January and March 2010, Respondent prescribed to
20 P.A.S., a then twenty-three-year-old female relative, sixty 30 mg tablets of Adderall, a controlled
21 substance. Prior to writing the prescription, Respondent did not conduct an appropriate
22 examination of P.A.S., nor did she perform any type of evaluation to establish that the controlled
23 substance was medically indicated. Respondent did not order any laboratory tests to evaluate the
24 liver or cardiac functions of P.A.S. to determine the suitability for this type of stimulant
25 medication treatment. Additionally, Respondent initiated treatment at 60 mg a day without first
26 starting P.A.S. on the lowest dose (5 mg) and titrating upward after careful monitoring.
27 Respondent did not monitor the clinical effects or side effects of the controlled substance.
28 Respondent did not inform P.A.S. of the potential side effects and/or adverse reactions to the

1 Adderall. At all times mentioned herein, Respondent did not create or maintain a medical chart
2 for P.A.S.

3 26. In or about April 2010, Respondent prescribed thirty 50 mg tablets of Pristiq, a
4 dangerous drug, to P.A.S. Prior to writing the prescription, Respondent did not conduct an
5 appropriate examination of P.A.S., nor did she perform any type of evaluation to establish that the
6 dangerous drug was medically indicated. Respondent did not order any laboratory tests to
7 evaluate P.A.S.'s blood pressure or renal function to determine the suitability of this type of
8 treatment prior to prescribing the dangerous drug. Respondent did not monitor the clinical effects
9 or side effects of the dangerous drug, and did not monitor P.A.S.'s blood pressure or renal
10 function after prescribing this dangerous drug. There is no evidence that Respondent informed
11 P.A.S. about the potential side effects and/or allergic reactions to this dangerous drug.

12 27. Respondent committed gross negligence in the care and treatment of P.A.S. by:

13 (a) Failing to perform an appropriate examination prior to prescribing the controlled
14 substance Adderall, and the dangerous drug Pristiq;

15 (b) Failing to perform an evaluation to establish that the controlled substance and the
16 dangerous drug prescribed were medically indicated;

17 (c) Failing to order laboratory tests to evaluate P.A.S.'s liver and cardiac functions prior to
18 prescribing the controlled substance Adderall;

19 (d) Failing to order laboratory tests to evaluate and monitor P.A.S.'s blood pressure and
20 renal function prior to prescribing the dangerous drug Pristiq;

21 (e) Failing to discuss the potential side effects and/or adverse reactions to the Adderall and
22 Pristiq;

23 (f) Failing to monitor the clinical effects or side effects of the Adderall and Pristiq; and

1 relative, ninety 2 mg tablets of Lorazepam⁹, a controlled substance, which was filed on or about
2 June 23, 2009. On or about July 1, 2009, B.A.S. filled another prescription for seven 2 mg tablets
3 of Lorazepam. Further, on or about August 27, 2009, B.A.S. filled another prescription from
4 Respondent for sixty 2 mg tablets of Lorazepam. Prior to writing the prescriptions, Respondent
5 did not conduct an appropriate examination of B.A.S., nor did Respondent perform any type of
6 evaluation to establish that the controlled substance was medically indicated. Respondent
7 initiated treatment at a high dose (4 - 6 mg a day) without first starting B.A.S. on the lowest
8 recommended dose (1 - 2 mg a day) and titrating upward after careful monitoring. There is no
9 evidence that Respondent informed B.A.S. about the potential side effects and/or adverse
10 reactions to the Lorazepam.

11 29. In or about August 2009, Respondent prescribed ninety tablets of OxyContin¹⁰, a
12 central nervous system depressant, to B.A.S. This medication was prescribed at the same time
13 Respondent was prescribing a high dosage of Lorazepam, another central nervous system
14 depressant. Respondent did not monitor the clinical effects or side effects of the OxyContin
15 which was filled on or about August 27, 2009.

16 30. In or about September and November 2009, and January and February 2010,
17 Respondent prescribed sixty 30 mg tablets of Adderall, a controlled substance, to B.A.S. Prior to
18 writing the prescription, Respondent did not conduct an appropriate examination of B.A.S., nor
19 did Respondent perform any type of evaluation to establish that this control substance was
20 medically indicated. Respondent did not order any laboratory tests to evaluate B.A.S.'s liver or
21 cardiac functions to determine the suitability for this type of stimulant medication treatment.
22 Additionally, Respondent initiated treatment at 60 mg a day without first starting with the lowest
23 dose (5 mg) and titrating upward after careful monitoring. Respondent did not monitor the
24 clinical effects or side effects of the controlled substance. There is no evidence that respondent

14 male relative, sixty 30 mg tablets of Adderall, a controlled substance, which was filled on or
15 about April 5, 2010. Respondent told the Board that M.C., who lives in the Philippines, was
16 running for a political position and needed "something to help him . . . have a little more energy
17 and stay up . . . so I gave him Adderall." Prior to writing the prescription, Respondent did not
18 conduct an appropriate examination of M.C., nor did she perform any type of evaluation to
19 establish that the Adderall was medically indicated. Respondent did order any laboratory tests to
20 evaluate M.C.'s liver or cardiac functions to determine the suitability for this type of stimulant
21 medication treatment. Additionally, Respondent initiated treatment at 60 mg a day without first
22 starting M.C. on the lowest recommended dose (5 mg) and titrating upward after careful
23 monitoring. Respondent did not monitor the clinical effects or side effects of the medication.
24 There is no evidence that Respondent informed M.C. of the potential side effects and/or adverse
25 reactions to the controlled substance. Respondent did not create or maintain a medical chart for

9 PATIENT R.C.

10 34. On or about July 2010, Respondent prescribed to R.C., a male relative, 100 mg of
11 Pristiq, a dangerous drug. Respondent told the Board that she received a telephone call from
12 R.C., who lives in the Philippines and had been previously diagnosed with a bipolar disorder¹¹,
13 stating that he was experiencing some depression. Based upon that conversation, Respondent
14 wrote the prescription, which was filled on or about July 12, 2010 in California, and mailed to
15 R.C. in the Philippines. Prior to writing the prescription, Respondent did not see or conduct an
16 appropriate examination of R.C., nor did she perform any type of evaluation to establish that this
17 dangerous drug was medically indicated. Respondent did not order any laboratory tests to

4 adverse reactions to the phentermine. The prescription was filled on or about December 20,
5 2010, in California and mailed to R.C. in the Philippines.

6 36. Respondent committed gross negligence in the care and treatment of R.C. by:

7 (a) Failing to perform an appropriate examination prior to prescribing the controlled
8 substances phentermine, and dangerous drug Pristiq;
